

Horizon 2020 Marie Skłodowska-Curie actions (**H2020-MSCA**) Innovative Training Network for European Joint Doctorates (**ITN-EJD**) on

LIGHT-DRIVEN BIOTRANSFORMATIONS

announces two presentations within the
“ITN Process Engineering School for Natural Scientists”

02nd of July, 2019 at 16:30

Assoc. Prof. Dr. Selin Kara, Biological and Chemical Engineering Section, Department of Engineering
Aarhus University (Denmark)

Reactor engineering concepts based on enzyme kinetics

03rd of July, 2019 at 16:00

Prof. Dr. Wolfgang Kroutil, Institute of Organic Chemistry
University of Graz (Austria)

Multi-enzymatic redox cascades

Location:

Aarhus University, Gustav Wieds Vej 14, Interdisciplinary Nanoscience Center - iNano House
Building 1593, 012 Auditorium, 8000 Aarhus C

Lectures are open to AU students
